

Dust and Water

Antony and the Johnsons

Oh I love the coal
I love the way you're waiting
I love your kind patience

Dust and water,
Water and dust
Water and dust

Did you think I'd leave you here
Forever

Dust and water,
Water and dust
Water and dust

How long can dust wait
Ask the moon
But ask him soon
Ask him soon

Dust and water,
Water and dust
Water and dust

Dust and water,
Water and dust
