

# Spiralling

Antony and the Johnsons

Well and I can and I die  
I can, I die

Well and I'm freezing  
I'm freezing

Well it's a sly curse  
A sly curse

Well and I'm spiralling  
I'm spiralling

In the broken heart game  
I've got all my files  
I've got all my ones to choose from  
My cave waiting for you  
Waiting for you

I'm ravage like a dog in heat  
I'm gone, gone  
In Carthusian Red  
I get cut along  
I am, I'm undone  
I am undone

Where go, where now  
I can't stand  
If I can, I can die  
I'm freezing  
It's like us  
I'm spiralling

In my cruel life God poisoned  
I was born old  
Not a girl and not a jewel  
I am, I am some son  
I am some bum

Where go, where now  
I can't stand  
If I can, I can die  
I'm freezing  
It's like us  
I'm spiralling
