

# The Spirit Was Gone

Antony and the Johnsons

The spirit was gone from her body  
Forever had always been inside  
That shell had always been intertwined  
And now were disintwined  
It's hard to understand

The spirit was gone from her body  
Forever had always been inside  
That shell had always been intertwined  
And now were disintwined  
It's hard to understand, oh

The spirit was gone  
The spirit was gone  
The spirit was gone  
The spirit was gone  
The spirit was gone  
The spirit was gone  
The spirit was gone  
And now were disintwined  
It's hard to understand
