

## What Can I Do?

**Antony and the Johnsons**

What can I do  
When the bird's got to die  
What can I do  
When she's too weak to fly  
What can I do  
When she's calling my name  
She's crying  
Mama, help me to live  
Mama, help me to live  
Mama, help me to live  
To live, to live, to live  
What can I do  
What can I do  
What can I do
