

The Lament Configuration

Antropofagus

We're on top of each law
No one will force the rite of mutation
Un-god, we play with your followers
Inhuman trips, the carnal desire of torture

The order of eternal enjoyment
Blood and bones used for the induction of knowledge
Sense of obedience before our instruments of sorrow

Horde! The lament of configuration
Hellish monks devoted to meat
The lament configuration of the spawn

Hell is not for everyone
Torture one by one
Destroy for attitude
Hellish sequences by pinhead god
Black pope of the hell
Has mercy for anyone...
Decide to abuse of wrath
Forever...
Hooked to know your flesh!!!!
Your body is my priority, even after his death...

We're on top of each law
No one will force the hell's pope
Un-god, we play with your followers
Inhuman trips, the carnal desire of torture

Horde! The lament of configuration...
