

# Hear My Call!

Anubis Gate

Running through the wilderness  
Determined to succeed  
Improving myself by the seconds  
Relentless 'til I'm beat  
My whole life is repetition  
I don't know how to end  
The dominant obsession that I'm  
Destined to amend

Step by step through burning hell  
One man's wasteland, hours to kill  
Next thing I remember is the rock against my head  
The devastating heat wave's gone  
There's a cold night sky instead  
Both my legs are paralyzed, my throat is sore and dry  
I can't help but thinking: My time's up, this is goodbye

Forward crawling, arms in pain  
My strong determination remains

Can you hear my call?  
Who's coming to my rescue?  
I'm losing the light in my eyes  
Into an endless sky I stare  
And my life just passed in review

Hope descends every devastating hour I spend  
Heaven knows when it will end

Hear my Call!

Hear my call?  
Who's coming to my rescue?  
I'm losing the light in my eyes  
Into the break of dawn I stare  
Now there's someone out there calling my name  
That's when I realize  
I'm already hanging in the air

Hope descends every devastating hour I spent  
Will the gods decide to make amends?  
Heaven knows whenever this'll end  
I'm running out of time  
And hope descends every devastating hour I spent  
Will the gods decide to make amends  
Heaven knows whenever this'll end
