

Looking For Love

Anuheia

Let's go 1, 2, 3

This ain't no middle school love boy,
This time for love ain't no immature thang.
What I got fits for a man,
Give what I can, with what I got and what I want is for you to take me.

If you're lookin for love, call me, call me
If your looking for love baby call me, call me
If you're looking for love, call me, call me
If you're lookin for love baby call me

I know I don't know you're story (no no no, no no no)
But I got a little time on my hands (yeah yeah yeah yeah)
Cause it's not about your body,
Or how I want it on me,
But what underneath that skin.

If you're lookin for love, call me, call me
If your looking for love baby call me, call me
If you're looking for love, call me, call me
If you're lookin for love baby call me

You don't have to search no more,
If you listen to me, hear me, feel me
I ain't tryna fight I'm talkin bout true lovin this is real boy
The vibes all right, the connections are true
Hear me now when I say, I'm just a phone call away

I'm just a phone call away (yeah)
This ain't no middle school love boy
This time for love ain't no immature thang.
Cause it's not about your body
Or how I want it on me
But what's underneath that skin ooh

If you're lookin for love, call me, call me
If your looking for love baby call me, call me
If you're looking for love, call me, call me
If you're lookin for love baby call me

Woah woah. ooh.
If your lookin for love.
Pick up that phone and call me.
I'm goinna talk to you in the mornin time
On a day and in the night.
