

# Moving On

Anuheia

You don't know how cold it is  
Till a warm breeze blows  
Can't hear the static in the song  
Till you change the station, now

Sitting, waiting on the green  
Been trying to change my scene  
Let's hit the road let it be known...  
Universally, oh lawd

M-O-V-I-N-G  
I'm moving on so gracefully  
I took R-E-S-P-E-C-T-ing  
Myself first to truly see...  
Moving on... Moving on... Moving on, wouuwwee  
Thanks for the song, but I'm moving on  
To bigger and better things  
Oh lawd..

You can say it's my fault  
I can say its you  
No more lies, don't apologize  
We both know the truth  
I'm crying, dying in the scene  
Been trying.. just to breath  
Let's hit the road, let new love grow  
Universally oh lawd

M-O-V-I-N-G  
I'm moving on so gracefully  
I took R-E-S-P-E-C-T-ing  
Myself first to truly see...  
Moving on... Moving on... Moving on, wouuwwee  
Thanks for the song, but I'm moving on  
To bigger and better things  
Oh lawd..

I see what you're doing  
I've been right here before  
We're hurting, hating, racing, pacing  
So it's you and me no more  
Moving on... moving... yeah I'm moving up and  
Moving on  
Thank you for your time and song, but baby I'll be moving

M-O-V-I-N-G  
I'm moving on so gracefully  
I took R-E-S-P-E-C-T-ing  
Myself first to truly see...  
Moving on... Moving on... Moving on, wouuwwee  
Thanks for the song, but I'm moving on  
To bigger and better things  
Oh lawd..
