

Rumors

Anuhea

So you think I've been bad now baby
'cause it's my turn and I ain't home
You think I'm running around like crazy
But I know you get what you deserve
People talking about us baby
We're starting to believe things we heard now now now

But if you love me like I love you
Then you know it ain't true

You know I've been a rude boy baby
Hope I don't get all that I deserve
When I'm tripping on our love
I'm only looking for what I've been guilty of
Maybe it's payback baby
I'm starting to believe things I've heard

But if you love me like I love you
Then you know that it ain't true

I'm alone again tonight
Thinking things ain't right
But baby dry your eye
'cause I never do you wrong, I only do you right
I know you won't do me wrong
I only do you right
I love it when you do me right
And if you love me like I love you
Then you know it ain't true, it ain't true

When we're together
Ain't nothing wrong
When apart why would that change
If our love is strong
You do what you have to do
Trust you know I will
I ain't sweating rumors
Because our love is real

I don't think you're a bad girl baby
I think we are one in the same
And you know you're my rude boy darling
When it comes to love this ain't no game, no

If you love me like I love you
If you love me like I love you
If you love me like I love you
Then you know that it ain't true
It ain't true
It ain't true
Then you know that it ain't true
It ain't true
It ain't true
