

Concrete Jungle

Anvil

A shot in the dark
On a New York night
The dream of the hunter
And the doomed man's fright

Rock
Roar
In the land of the predator
Concrete jungle

Survival of the fittest
And the jungle's alive
The plight of the nigger
And the honkey jive

Rock
Roar
In the land of the predator
Concrete jungle

The Lady's liberty
Is getting old
Prey for justice
Will our freedom be sold

Rock
Roar
In the land of the predator
Concrete jungle
