

## Fryin' Cryin'

Anvil

My friends told me about girls like you  
That there's only one thing you like to do  
That's gettin laid by the boys up here  
Screamin', screamin' babe you feel no fear  
But I want you young and clean  
You're always comin' from down beneath  
You are  
I recall that when times are the same  
Bringing your heart, you're the one to blame  
That's why you're in need for love  
You can't get away from us we like your stuff  
Ain't no use stopping ????  
'Cause when it's over you got to ?????

You're fryin', you're fryin', you're fryin'  
You're cryin', you're cryin', you're cryin'  
All the way  
Cry baby
