

## Hair Pie

Anvil

Dessert is my favourite meal, I eat it every day  
A dietary supplement that's certain to stay  
It's my favourite recipe and it's easy to follow  
Can't wait to get a mouthful, bite down and swallow

It's got the flavour that can't be beat  
It's a mans treat

A little bit of this and a little bit of that  
Connoisseurs dessert is eaten on your back  
Add a little honey, maybe some whipped cream  
Do it with a friend if you know what I mean

Put the batter in the bowl, then begin to stir  
Bring it to a lather if you want to be sure  
The flavour of this delicacy really can't be beat  
It's a man's meal that's more than just a treat

It's got the taste that can't be beat  
More than a mans treat
