

# Holy Wood

Anvil

Jesus was crucified  
Moses parted the sea  
I saw it on a movie  
On the TV  
The bible is a book  
That started with Adam and Eve  
Filled with mambo jumbo  
Do you believe?

Holy wood, holy shit

David and Goliath  
Man and morality  
Wars in the Middle East  
A taste of reality  
Ishmael and Isaac  
Brothers in hate  
Prewritten history  
Does it tell us our fate?

Holy wood, holy shit

Our father who art in heaven (spit)

Written like a screen play  
With morality implied  
A priest diddles a choir boy  
Truth can be denied  
Politics, religion  
Still go hand in hand  
Draw you own conclusion  
Draw your line in the sand  
Jesus was crucified  
Moses parted the sea  
I saw it on a movie  
On the TV

Holy wood, holy shit
