## It's Your Move

When you turn is up and you've made a choice Waiting to hear your opponent's voice It's the never ending game we play How will you win or lose and pay?

It's your move It's your move It's your move It's your move

Counting cards and loaded dice The cheater's hand and the loser's vice Ace of spades and the joker is wild The odds against you are stacked and piled

It's your move It's your move It's your move It's your move

It's your move

Move a pawn and protect the king To win the game, that's the thing Game of cards, a game of chess The need to win more than less

It's your move It's your move It's your move It's your move

It's your move
