

## Keep It Up

Anvil

Stand at attention, be a masculine man  
Keep on going for as long as you can  
All it takes is just one little pill  
Last all night and get your fill

Keep it up, keep it up  
Keep it up, keep it up  
Keep it up, keep it up  
Keep it up, keep it up

Unending pleasure, a woman's delight  
Unbending treasure that lasts all night  
All it takes is just one little pill  
Every night you can get a thrill

Keep it up, keep it up  
Keep it up, keep it up  
Keep it up, keep it up  
Keep it up, keep it up

Enhancing performance in a drug induced way  
The modern world where the adults play  
All it takes is just one little pill  
If you haven't got it, you soon will

Keep it up, keep it up  
Keep it up, keep it up  
Keep it up, keep it up  
Keep it up, keep it up
