

# Killer Hill

Anvil

High gear rider  
Take me to the top  
Get me to the summit  
I'm never gonna stop  
Feel my body pumping  
Carrying my load  
Taking the incline  
Getting ready to explode

Takin' the hill  
Just for the thrill  
Honin' my skill  
Up and down on Killer Hill  
Killer Hill  
Take me where I wanna go  
In for the thrill  
Take me where I wanna go

Rock shock and cattle head  
Take the terrain  
Sopping in sweat  
My breath to regain  
Feel the breaking calipers  
Squeezing on the rim  
Super power riding  
Keeps me hard and fit for trim

Killer Hill  
Killer Hill

Take me where I wanna go  
In for the thrill  
Take me where I wanna go  
Killer Hill  
Take me where I wanna go  
In for the thrill  
Take me where I wanna go  
Killer Hill  
Take me where I wanna go  
In for the thrill  
Take me where I wanna go  
Killer Hill
