

Let It Go

Anvil

Say what you mean and mean what you say
Feeling proud at the end of the day
When the time is right and you've something to say

Someone to listen with attention to pay
With attention to pay

Finding strength to live and cope
Finding love and feeling hope
Release the anger, let go of hate
Let it all go, just dissipate

Common let's hear ya
Common just let it go
Common let's hear ya
Just let it go
Go!

Truth pisses off but sets you free
Be just who you've got to be
Say what you mean and mean what you say
Feeling proud at the end of the day

Common let's hear ya
Common just let it go
Common let's hear ya
Just let it go

Common let's hear ya
Common just let it go
Common let's hear ya
Just let it go
