Life to Lead

You know I've heard it all before, I'll hear it all again I know just where I'm going and I know just where I've been I've seen so many come and go but somehow I survive I know I will die someday, but I'm glad to be alive Glad to be alive The strong survive

I've got a life to lead, I care if I succeed I got to find my way I've got a life to lead, I take just what I need That's where I will stay That's where I'll stay

I can't tell the future, I can't give a prophecy Doing what it take to make my destiny I can't help but wonder, but much to my surprise Doing what I want with no trace of compromise No compromise! I tell no lies!

I've got a life to lead, you know my soul is freed
I'm finding my way
I've got a life to lead, you know my soul is free
'Til the end of the day

I don't know who said it first, losers never last Having no direction can make it end so fast See so many come and go but somehow I survive I know I will die someday, but I'm glad to be alive Glad to be alive The strong survive

I've got a life to lead, I am the hardened breed I know the way I've got a life to lead, I am the hardened breed You know I'm here to stay Here to stay!
