

# Not Afraid

Anvil

Not afraid of looking back  
Not afraid of what I lack  
I'm not afraid just of moving on  
Not afraid of the dark  
Not afraid to leave a mark  
I'm not afraid of what's gone

Not afraid  
Not afraid

Not afraid of getting caught  
Not afraid to take a shot  
I'm not afraid of just being me  
Not afraid to take a chance  
Not afraid of lost romance  
I'm not afraid, can't you see?

Not afraid  
Not afraid

I believe in my way  
Till the end of the day  
Straight from the heart  
The way I will behave  
I will be brave  
Right from the start

Not afraid of what I know  
Not afraid of letting go  
I'm not afraid of just running free  
Not afraid of being had  
Not afraid when things go bad  
I'm not afraid what will be

Not afraid  
Not afraid

I believe in my way  
Till the end of the day  
Straight from the heart  
The way I will behave  
I will be brave  
Right from the start

Not afraid  
Not afraid
