

# Smash Your Face

Anvil

Stand before the wall of sound  
Now you know to what you're bound  
Feel it to the core of your soul  
Give you something with rhythm and rhyme  
Melodic tune done in time  
The simplicity of rock and roll

Smash your face, Smash your face  
With power and aggression  
Smash your face, Smash your face  
With a sonic procession

Let the sound fill your ears  
The memories last for years  
It's become the sound track to your life  
Feel the spirit in notes and beat  
Sonic addiction no retreat  
Blas musik cuts like a knife

Smash your face, Smash your face  
With power and aggression  
Smash your face, Smash your face  
With a sonic procession

Surrender to the feelin'  
Time to let go  
Singer starts screamin'  
Make the speakers blow  
Stand before the wall of sound  
Feel it shake the very ground  
Feel it in the center of your soul  
Live the spirit in notes and beat  
Life's too short with no repeat  
The complexity of rock and roll

Smash your face, Smash your face  
With power and aggression  
Smash your face, Smash your face  
With a sonic procession
