

Felony Flats

Anya Marina

Southeast of the tracks, left alone
Bars on the windows and doors, we used to call this home

Felony Flats
Yes I know where I'm at
I could tell by your face I was late

Here in felony flats you better know where you're at,
Know where you're going to
Felony flats, I can't believe that I'm back,
I won't forget where I'm coming from

'cause it took all that I could bet to get away and just forget
Felony Flats

Here in Felony Flats you're always watching your back,
Know where you're going to
Felony Flats, I can't believe that I'm back,
I won't forget where I'm coming from

'cause it took all that I could bet to get away and just forget
Yeah it was all that I could do to get away from me and you, Fe
lony Flats.

It's a long way to get back home
It's a long long way to get back home
Felony Flats

Can't erase (Felony Flats)
From your veins (Felony Flats)

You can't begin until you can face what's at your back
What's at your back? Felony Flats.
Felony Flats c'mon Felony Flats c'mon
Come on and get it
Come on and get it
Come on and get it

'cause it took all that I could bet to get away and just forget
Yeah it was all that I could do to get away from me and you
Yeah it took all that I could bet to get away and just forget
