

# Make Alotta Money

Apathy

[Chorus:]

I'm gonna make alotta money then I'm gonna quit this crazy scene  
I'm gonna make alotta money then I'm gonna quit this crazy scene

[Verse 1:]

I'm a make alotta friends and I'm a make alotta foes  
I'm a make alotta songs and I'm a make alotta dough  
I'm a make a lot of kids angry when I let em know  
That I'm a quit rapping if they don't support it anymore  
They ain't buying records but they coming to my shows  
Cause they can't download a performance or buy clothes  
You sucker motherfucker, I hope you decompose  
Hope somebody make you work for free then see how it goes  
I'm a make alotta paper then quit this crazy scene  
Used to read articles in the Source magazine  
No matter what, nothing ever fucked with my dream  
Till I had to grow up and then it fucked with my cream  
All that glitters not gold it would seem  
I got props from Rakim, got props from Preme  
But props don't pay my bills or fill stomachs  
So either I'm a make some money or say fuck it

[Chorus:]

I'm gonna make alotta money then I'm gonna quit this crazy scene  
I'm gonna make alotta money then I'm gonna quit this crazy scene

[Verse 2:]

Shout out to the DJs who used to carry mad heavy crates  
Rocked parties, paid dues and became heavyweights  
Then along came these vultures not half as nice  
But they got Serato and charged clubs half the price  
Fucking up the dude who spent half his life  
Studying the techniques and made the sacrifice  
Then celebrities get paid to play their iPod  
Sounding like a trainwreck (oh my god)  
I'm a student like a mutant at Xavier schools  
Did my homework, paid dues, obeyed the rules  
So I'm a make alotta money cause it's never guaranteed  
It's not about greed, it's just trying to succeed  
I live, eat, sleep, breathe, and bleed  
Rap shit, that's it, it's really all I need  
I just wanna pay bills, maybe have a couple seeds  
Get money, green, cheddar, cream, paper, dough, cheese

[Outro:]

I'm gonna make alotta money then I'm gonna quit this crazy scene  
I'm gonna make alotta money then I'm gonna quit this crazy scene  
I'm gonna make alotta money then I'm gonna quit this crazy scene  
I'm gonna make alotta money then I'm gonna quit this crazy scene

I'm gonna make alotta money then I'm gonna quit this crazy scene  
I wish I had money
