

Come On You Slags

Aphex Twin

I'm going to give you a coming-out party, at your house
It's perfect and you can't refuse
It's my gift to you. It's your fantasy
Fantasia, having a party is not my idea of a fantasy
Especially right now
The party isn't the fantasy! I know what you'd like
It's the fantasy you once told me about. Remember?
I don't remember telling you about it
What is it? What's the fantasy?

Come on you slags!

I'm going to give you a coming-out party, at your house
