

Liquid Cool

Apollo 440

Certainly someone who is frozen is not alive, but neither are they dead
They are in a third state a biostasis what I would use to describe ... liquid cool

Make me immortal yeah yeah
I am immortal yeah
I am nothing yeah yeah
Becoming liquid cool

Waves of oblivion yeah yeah
Lap at my feet yeah
Laugh in my face yeah yeah
Devil take me... liquid cool

I is another yeah
We blackout together yeah
Our little death, yeah yeah
Twilight elixir... liquid cool

Make me immortal yeah yeah
Once more around the sun
über religion yeah yeah
Ultra-evolution... liquid cool

He who lives these words
Shall not taste death
Becoming nothing yeah yeah
Forever liquid cool

The number seventy-two living in another lifetime, the number seventy-two ? future ones
To get into some place in the future where nobody's ever beautiful
But some day we'll look back and wonder how we ever tolerated it, life and death
