

Into the Unknown

Apoptygma Berzerk

We got lost inside a storm
Dazed and hurt we fought it through
Drawn to the light, both detached
Heading into the unknown

Whenever you wanted me
I was there for you
And by a torch of faith
I set myself on fire

How long must I wait for you?
(I just can't get you off my mind)
How long must I wait for you?
(Being apart is wasting time)

There's a voice inside my head
Telling me to go on alone
That I'd stand a better chance
To get through this on my own

Whenever you wanted me
I was there for you
And by a torch of faith
I set myself on fire

How long must I wait for you?
(I just can't get you off my mind)
How long must I wait for you?
(Being apart is wasting time)
