

## Into the Unknown

Apoptygma Berzerk

We got lost inside a storm  
Dazed and hurt we fought it through  
Drawn to the light, both detached  
Heading into the unknown

Whenever you wanted me  
I was there for you  
And by a torch of faith  
I set myself on fire

How long must I wait for you?  
(I just can't get you off my mind)  
How long must I wait for you?  
(Being apart is wasting time)

There's a voice inside my head  
Telling me to go on alone  
That I'd stand a better chance  
To get through this on my own

Whenever you wanted me  
I was there for you  
And by a torch of faith  
I set myself on fire

How long must I wait for you?  
(I just can't get you off my mind)  
How long must I wait for you?  
(Being apart is wasting time)
