Nothing Else Matters

So close no matter how far Couldn't be much more from the heart Forever trusting who we are 'cause nothing else matters Never opened myself this way Life is ours, we do it our way All these words I just don't say 'cause nothing else matters Never cared for what they do, no Never cared for what they know, no But I know So close, no matter how far Couldn't be much more from the heart Forever trusting who we are 'cause nothing else matters Never cared for what they do, no Never cared for what they know, no Never cared for what they do, no But I know Trust I seek but I find in you Every day for us something new Open mind for a different view 'cause nothing else matters, oh So close, no matter how far Couldn't be much more from the heart Forever trusting who we are 'cause nothing else matters 'cause nothing else matters
