

# Supernaturally

Appleton

There's nothing left of me  
There's nothing left for you  
We're stealing time, 'cause its easy stop them  
You've got the best of me  
i've seen the worst of you  
I'm crazy now, but my mind is fighting  
Maybe i'll think of you  
Maybe your sick of me  
The days and the nights and the rest of your life, then  
There's nothing left for you  
I'm kinda reeling too  
But you and me isn't all I believe  
Cause i'm

Supernaturally I am, inconceivablely breathing  
Unbelievably feeling, how or why  
Supernaturally I am, inconceivablely breathing  
Unbelievably feeling, how or why  
(How or Why)

I'm not the all of you  
You not the rest of me  
I feel it seems by the hour and the life time  
As I look down at you  
As you look up at me  
We're free at beings, doesn't everybody dream  
There's nothing left for you  
There's nothing here for me  
But you and me isn't all I believe  
Cause i'm

Supernaturally I am, inconceivablely breathing  
Unbelievably feeling, how or why  
Supernaturally I am, inconceivablely breathing  
Unbelievably feeling, how or why  
(How or Why)

I believe I can breath, I believe I can breath  
I am a supernaturally me, Though it seems  
There's a fire in my soul  
I don't need to be fighting , just be, just be  
A lady in black why you never turned back  
She said

Supernaturally I am, inconceivablely breathing  
Unbelievably feeling, how or why  
Supernaturally I am, inconceivablely breathing  
Unbelievably feeling, how or why  
(How or Why)
