## Flow River Flow

## **April Wine**

You know I'd spend my life with you Share all the dreams I have with you Do you wanna see my cry Do you wanna see me die, do you

I find it hard to face the day
I find a bar and dream I'll pay
Do you wanna see my cry
Do you wanna see me die, do you

Flow river flow, and carry me home Flow river flow, and carry me home

You know I'd spend my life with you Share all the dreams I have with you Do you wanna see my cry Do you wanna see me die, do you

Flow river flow, and carry me home Flow river flow, and carry me home
