Gimme Love

April Wine

Needin' you, wonderin' what to do Baby, I've been away And even so, maybe I should go Is there nothin' that you wanna say Just keep it nice, baby what's your price Cause it looks as though I have to pay For something clean, only some machine But she never lets it in her way, no

Gimme love, I need lovin' Gimme love, gimme love Gimme love, gimme love, oh yeah Gimme love

I'm feelin' used, and baby I'm amused Cause there's something that I shoulda done Like take my time, or used another line But I had to get on the run Can't you see, I don't wanna disagree There's a chance that we could lose the feel Let's keep it light, to get us through the night Do you say you wanna make a deal

Gimme love, gimme lovin' I need love, yes I do Gimme love, gimme love, oh yeah Gimme love

Gimme love, gimme love Gimme love, gimme love Gimme love, gimme love Gimme love, gimme love I need love, gimme love

Gimme love, gimme love, some good lovin' Gimme love, gimme love, I need love (oh yeah) Gimme love Gimme love, gimme love, oh yeah Gimme love, gimme love, I need love Gimme love, gimme love, oh yeah Gimme love Gimme love, gimme love Gimme love, gimme love
