

## Ladies Man

April Wine

Last night, what a scene  
So cool, a gypsy queen  
Some crashed, the talk of the town  
So shy, when I'm around

That's right, I'm a ladies' man, yes, I am

Some girls won't let go  
Most girls can't say no  
First glance, I could see  
Your next move was up to me

That's right, I'm a ladies' man, yes I am  
Come and get it, I'm all yours tonight  
There's no reason to be shy  
There's no sittin' wonderin' why

'Cause I'm a ladies' man  
Come and get me, I'm all yours tonight, yeah

High-heels, crimson shoes  
Slow down, lover's groove  
Just right, not too fast  
Good times were meant to last

That's why I'm a ladies' man, yes, I am  
Come and get it, I'm all yours tonight  
There's no need to wonder why  
There's no sittin' bein' shy  
'Cause I'm a ladies' man  
Come and get it, I'm all yours tonight

Yeah, yeah, yeah, I'm a ladies' man  
Come on, girl, I'm a ladies' man  
It's alright, I'm a ladies' man  
Come and get me, I'm all yours tonight
