Ladies Man

Last night, what a scene So cool, a gypsy queen Some crashed, the talk of the town So shy, when I'm around

That's right, I'm a ladies' man, yes, I am

Some girls won't let go Most girls can't say no First glance, I could see Your next move was up to me

That's right, I'm a ladies' man, yes I am Come and get it, I'm all yours tonight There's no reason to be shy There's no sittin' wonderin' why

'Cause I'm a ladies' man Come and get me, I'm all yours tonight, yeah

High-heels, crimson shoes Slow down, lover's groove Just right, not too fast Good times were meant to last

That's why I'm a ladies' man, yes, I am Come and get it, I'm all yours tonight There's no need to wonder why There's no sittin' bein' shy 'Cause I'm a ladies' man Come and get it, I'm all yours tonight

Yeah, yeah, yeah, I'm a ladies' man Come on, girl, I'm a ladies' man It's alright, I'm a ladies' man Come and get me, I'm all yours tonight
