

Listen Mister

April Wine

Listen mister I can not see
Any reason for lyin'
I can see inside your head
To the back of your mind, yeah

Get it together
Get it together before you lose

Get it together
Get it together before you lose

Here I am on my knees
And not afraid of dieing
Suddenly it occurs to me
There was really no sense in trying

Yes I know it seems strange to you
But it's our way of living
I can't see for the life of me
Why you're so afraid to reason

Listen mister I can not see
Any reason for lyin'
Things just aren't like they use to be
And there's no sense in tryin'

Get it together
Get it together before you lose

Get it together
Get it together before you lose

A good reason I cannot see
A good reason I cannot see
A good reason I cannot see
A good reason I cannot see
A good reason I cannot see
A good reason I cannot see
A good reason I cannot see
A good reason I cannot see
A good reason I cannot see
A good reason I cannot see
A good reason I cannot see
A good reason I cannot see
