

Mind Over Matter

April Wine

Baby, remember I, I tried to make it right
I don't know what to do
It's mind over matter, it don't matter
If your love is true, remember now
It's mind over matter, it don't matter
If your love is true

Baby, baby, you can make me run faster now
Ooh baby, don't you know, they're comin' through
It's mind over matter, it don't matter
If your love is true, remember now
It's mind over matter, it don't matter
If your love is true (true)

Babe, treat me soft
You always make me feel you wanna
I say, thank you so much, remember
It's mind over matter, it don't matter
If your love is true, remember now
It's mind over matter, it don't matter
If your love is true (true true true true)

It's mind over matter, it don't matter
If your love is true, remember now
It's mind over matter, it don't matter
If your love is true (true true true true)
