

# Not for You, Not for Rock & Roll

April Wine

Hey lady, come on baby  
What's your reason for the things you do  
You want somethin', but don't need nothin'  
Tell me baby, whatcha tryin' to do

Cause I got me someone, that's right  
She keeps me warm when it's cold at night  
She gives me love and learns to stand in with the things you do  
, oh yeah  
And I need her, never leave her  
Not for you, not for rock 'n' roll  
And I need her, never leave her  
Not for you, not for rock 'n' roll, alright

Act funny, some day honey  
It's gonna get you in another jam  
It's crazy, you're too much baby  
Just who the hell you think I am

Cause I got me someone, that's right  
She keeps me warm when it's cold at night  
She gives me love and learns to stand in with the things you do  
, oh yeah  
And I need her, never leave her  
Not for you, not for rock 'n' roll  
And I need her, never leave her  
Not for you, not for rock 'n' roll  
Not for rock 'n' roll, not for rock 'n' roll

You know I'd never tease her, oh yeah  
I'll always try to please her, oh yeah  
You know, she gives me love and learns to stand in with the things you do, oh yeah  
And I need her, never leave her  
Not for you, not for rock 'n' roll  
And I need her, never leave her  
Not for you, not for rock 'n' roll  
I said I need her, never leave her  
Not for you, not for rock 'n' roll  
Not for rock 'n' roll, not for rock 'n' roll  
Not for rock 'n' roll, not for rock 'n' roll, not for rock 'n' roll
