

Wings of Love

April Wine

I don't want to go downtown
I don't wanna move, don't wanna stay this way
Missin' you the way I do (missin' you the way I do)
Wishin' you were here, wish I could be with you
Maybe I should call you, I don't know
There's something you should see, and it doesn't show

I don't wanna start again (I don't wanna start again)
But, I can't forget the way things might have been, mmmh
I'd like to see you once more, if I could
But, chances are my chances aren't too good

The wings of love have carried her away
The door of fate is closed, the angels say

Maybe I should go outside (maybe I should go outside)
I hear the weather's warm, no need to stay inside
And, maybe I'll forget this morning's news
It means as much to me as it does to you

The wings of love have carried you away
The door of fate is closed, the angels say

I know things won't change, you've said goodbye
But, I can lose this feelin' if I try

The wings of love have carried you away
The door of fate is closed, the angels say
