

Come N' Get It

Aqua

On the floor baby

Hey boy, what you up for now?
I now why you're here and how

Let's get down, down to the ground
Vibe and the beat, baby got that sound

Hey boy, what you looking for?
Someone with the drooling door

Give it to me, can't you see
We're kissing in the name of destiny

We gonna dance until you're ready to fly
My good vibrations gonna get you so high

I can see what you're thinking babe
I can see what's behind those eyes

The way you touch, the way you look
You are the ... baby, I'm the ...

So come and get it
Come and get it
Come and get it
I know that you want it
Come and get it
Come and get it
Come and get it
You know that I got it

'Cause I know what you're looking for
You will never have to search no more
Come and get it
Come and get it
Come and get it
I know that you want it

Give it to me babe
Give it to me babe
I know, know
I know that you want it
Give it to me babe
Give it to me babe
You know, know
You know that I got it

On the floor baby

Hey girl, tell me why you're here?
What's the power of your unknown fear?

The world is yours, it's up to you
It's getting real late, baby come up here

I can see you wanna grab that chance

Getting closer every time we dance

When all goes down, the sun comes up
Before we get started, baby you can't stop

We gonna dance until you're ready to fly (on the floor baby)
My good vibrations gonna get you so high

I can see what you're thinking babe
I can see what's behind those eyes

The way you touch, the way you look
You are the [?] baby , I'm the [?]

So come and get it
Come and get it
Come and get it
I know that you want it
Come and get it
Come and get it
Come and get it
You know that I got it

'Cause I know what you're looking for
You will never have to search no more
Come and get it
Come and get it
Come and get it
I know that you want it

Give it to me babe
I know, know
I know that you want it
Give it to me babe
