

# No Party Patrol

Aqua

Time is up, gotta get this party started  
Raise the roof and watch the walls come tumbling down  
Some believe that gasoline's cheaper than bottled water  
Tell them I don't even about tomorrow - oh!

Run, run, run, we're running out of water  
And now the house is on fire  
Oh God the ice cubes are melting  
'Cause we ain't got no party patrol  
No, no, no, no party patrol  
No, no, no

The house is rocking and things are out of hand (oh-oh, oh oh oh-oh)  
Seems like everyone in this town came to party (oh-oh, oh oh oh-oh)  
Some believe that gasoline's cheaper than bottled water  
Pedal to the metal, baby rubber to the road

Run, run, run, we're running out of water  
And now the house is on fire  
Oh God the ice cubes are melting  
'Cause we ain't got no party patrol  
No, no, no, no party patrol  
No, no, no

Hands up, here we go  
Down the drain, getting low  
We gonna tear this house down, right  
Use it up, turn it on  
Let it out, in the sun  
We're gonna rock this place  
So let me see your hands

No, no, no, no party patrol  
No, no, no, no party patrol

Pedal to the metal, baby rubber to the road

Run, run, run, We're running out of water  
And now the house is on fire  
Oh God the ice cubes are melting  
'Cause we ain't got no party patrol

Run, run, run, We're running out of water  
And now the house is on fire  
Oh God the ice cubes are melting  
'Cause we ain't got no party patrol

No, no, no, no party patrol  
Ain't got no  
No, no, no, no party patrol  
Ain't got no  
No, no, no, no party patrol  
Ain't got no  
No, no, no
