

Sucker For A Superstar

Aqua

O.M.G., the things she'll do to me
The V.I.P., yeah yeah yeah
Well baby, we like to get a little crazy - yeah yeah

She'll give it all just to know you - tell me honey
So give her the chance and she'll show you - she's so into money

She don't care who The Beatles are
Rolling Stones or The Spiders From Mars
But I do know she's a sucker for a superstar

Go go, go baby, come come

O.M.G., you won't believe the things she's telling me - yeah yeah yeah
Well baby, she's just the kind of girl I like to see - yeah yeah

She'll give it all just to know you - tell me honey
So give her the chance and she'll show you - she's so into money

She don't care who The Beatles are
Rolling Stones or The Spiders From Mars
But I do know she's a sucker for a superstar

Go go, go baby, come come

Loves your show, wanna meet the band
Backstage pass and she'll give you her hand
She's a good girl but a sucker for a super star

She's a sucker, a star fucker
She's a sucker, a star fucker
She's a sucker, a star fucker
She's a sucker, a star fucker

She'll give it all just to know you - tell me honey
So give her the chance and she'll show you
She's so into money

She don't care who The Beatles are
Rolling Stones or The Spiders From Mars
But I do know she's a sucker for a superstar - yeah yeah, yeah yeah

Loves to ride in a limousine
Goes down town if you know what I mean
And she's your girl for as long as you're a superstar - yeah yeah, yeah yeah

She's a sucker, a star fucker
She's a sucker, a star fucker
She's a sucker
Sucker for a superstar
