

Thin Air

Aqualung

You know that I'm in love with you
You know I always will be
Haunted by the same dream
Hunted by the memory

Feels like a raincloud passing over
Looking for a place to stand
Eyes making rainbows as the rain comes down

You know what I think we should do
Take a train down to the sea
Desperate times, desperate measures
Wind rushing over me

Feels like the evening coming closer
Drawing like a shawl around me
It's a beautiful sunset
Still the sun goes down, down

Tell me that you'll love me forever
Or go without another word
With our hands holding tight together
Out into the new world

And you're standing on the edge of something
Tell me I was right to care
Well you know that I'm in love with you
Stepping out into the thin air

I believe in you
Oh, lay me down in love with you
Cause you know I always be
Oh

Feels like the evening coming closer
Draw me like a shawl around you
It's a beautiful sunset
Still the sun goes down, down

Tell me that you'll love me forever
Or go without another word
With our hands holding tight together
Out into the new world

When you're standing on the edge of nothing
Tell me I was right to care
Well you know that I'm in love with you
Yeah you know that I'm in love with you Stepping out into the thin air

I believe again I believe again [x6]
