## **Heart Design**

## **Aqueduct**

You can telephone all over the world Giving everything you've got to give up For sure, that you've found the right girl

You can wonder why you make yourself sick You can fight it but this feeling its starting to stick Well it must be assigned That my heart is my own design

Take me to a watery grave

Never to be heard from again

Well I swear that I'll still be there

I wish I could be better to you

I don't want to make you think that

My heart is untrue
Well it must be assigned
That my heart is my own design
When it's all over

For my heart is my own design And I hope that you keep that in mind When it's all over.
