

Part Of Your Life

Aquilo

Here, sunrise is born
It falls fast with the wind
And no one walks with the stain
Like you can't fly just the same!

Here, sunrise is born
It falls fast with the tide
And no one walks with the stain
There's time here - stays just the same!
It's a part of your life now
Let it stay!
It's a part of your life now,
Let it stay!

Here, sunrise is born
It falls fast with the wind
And no one walks with the stain
Like you can't love just the same
It's a part of your life now
Let it stay!
It's a part of your life now,
Let it stay!

Walk away
Walk away
And I don't want walk away
If all I could do is walk away
Another day is lost
It's a part of your life now
Let it stay!
It's a part of your life now,
Let it stay!
It's a part of your life
Let it stay!
It's a part of your life now,
Let it stay!
