

# You Won't Know Where You Stand

Aquilo

I wanna walk with you in someone's shoes  
From somebody else's point of view  
It looks like I'm changing

I wanna be a star without the scars  
We'd be running, running, running  
With the same old crowd  
And I'd be myself

And I can't begin to tell you  
He said if there's money on your mind  
And the drugs don't work  
As you'll be lying on your own  
You won't know where you stand

I'm a selfish man in a selfish world  
There's a road we choose and a friend we lose  
It looks like I'm changing

Been told to sit down, when I should stand up  
Would it mean that much just to hear me say  
That I've been myself?  
And what of yourself?

And I can't begin to tell you  
He said if there's money on your mind  
And the drugs don't work  
As you'll be lying on your own  
You won't know where you stand

And I can't begin to tell you  
He said if there's money on your mind  
And the drugs don't work  
As you'll be lying on your own  
You won't know where you stand
