

Don't Fall Away From Me

Arabesque

A girl is a girl and a man is a man
I play Squash and you play Shopen
Baby, playing with me
And my heart seems

It makes me weak and it makes me strong
It may be right and it may be wrong
Baby, saying me a song
To tell the world, you love me only

Hey, don't fall away from me
Living with you means music, dancing
And every night romancing
Hey-hey, don't fall away from me
Baby, you must believe
What it's true
I will never fall away from you

Hunny I know a girl has allright
To say: "No no, don't kiss me tonight"
Baby, nevertheless
Dim the light

I want try to giving the thrills
Want deny but I can't resist
Baby, I wanna be kissed
I close my eyes it's so delightful

Hey, don't fall away from me
Living with you means music, dancing
And every night romancing
Hey-hey, don't fall away from me
Baby, you must believe
What it's true
I will never fall away from you

Na na na na na
Na na na na na
Na na na na na

You turn to the left and I turn to the right
And we rejoin to the kiss goodnight
Baby, holding you tight
It's pure delight

As fast I sleep at the break of day
You wake me up, 'cause I hear you say:
"Baby, are you okay,
I have been dreaming you are leaving"

Hey, don't fall away from me
Living with you means music, dancing
And every night romancing
Hey-hey, don't fall away from me
Baby, you must believe
What it's true
I will never fall away from you

Don't fall away from me
Living with you means music, danceing
And every night romanceing
Hey-hey, don't fall away from me
Baby, you must believe
What it's true
I will never fall away from you
