

Sunrise in Your Eyes

Arabesque

Sunrise in your eyes
What a lovely dream
It seems so real to me
Sunrise in your eyes
If my dream comes true
You'll always love me

Night time is falling
I'm all alone
Someone is calling
Baby come home
It could be me, my love
I dream of you

I long for the dawning
Over the sea
I know in the morning
You'll come to me
Look into my eyes, my darling
Cause I wanna see

Sunrise in your eyes
What a lovely dream
It seems so real to me
Sunrise in your eyes
If my dream comes true
You'll always love me

Day after day I've been waiting for you
Night after night I've been dreaming of you

Baby one morning I'll open my eyes
To see the sunrise

Sunrise in your eyes
What a lovely dream
It seems so real to me
Sunrise in your eyes
If my dream comes true
You'll always love me

Sunrise in your eyes
What a lovely dream
It seems so real to me
Sunrise in your eyes
If my dream comes true
You'll always love me
