

## Prostitute

Arakain

Girl, you're teaching me,  
I'm learning the first shame  
slowly starts to melt something  
inside me is burning soon

I'll have to start crying  
for a help  
Hot smell of your sensual body  
your red lips and eyes of pulling cat

deconstruct my feeling I'm a rowdie  
all my notions about my nature bed  
Round and round the world is turning  
tell me why, who can answer me

my piece of mind is not returning  
stop the time, to make all dreams more real  
Prostitute, without emotions  
priestess of the caressing loving

prostitute makes me crazy  
maybe amused by my off showing  
Traped my heart - prostitute  
Eager hands in nervous tremble

tip of my tongue seeks to taste your dew  
total fall in mental jungle  
end of time and end of standart rules  
Devil in our wasted bodies

into mind wants to penetrate  
gods of love are stending by me  
drops of the night count your business rate  
Round and round the world is turning ...

Prostitute, without emotions ...  
Stop the time. I want more loving ...
