

# Afterlife

Arcade Fire

[Verse 1]

Afterlife, oh my God, what an awful word  
After all the breath and the pill and the fires that burn  
And after all this time, and after all the ambulances go  
And after all the hangers-on are done hanging on to the dead lights  
Of the afterglow.

I've gotta know,

[Chorus]

Can we work it out?  
We scream and shout 'till we work it out  
Can we just work it out?  
Scream and shout 'till we work it out?  
'Till we work it out, 'till we work it out  
'Till we work it out, 'till we work it out

[Verse 2]

Afterlife, I think I saw what happens next  
It was just a glimpse of you, like looking through a window  
Or a shallow sea  
Could you see me?  
And after all this time  
It's like nothing else we used to know  
After all the hangers-on are done hanging on to the dead lights  
Of the afterglow

I've gotta know,

[Chorus]

Can we work it out?  
Let's scream and shout 'till we work it out  
Can we just work it out?  
Scream and shout 'till we work it out?

[Bridge]

But you say  
Oh  
When love is gone  
Where does it go?  
And you say  
Oh  
When love is gone  
Where does it go?  
And where do we go?  
Where do we go?  
Where do we go?  
Where do we go?

[Verse 3]

And after this  
Can it last another night?  
After all the bad advice  
Had nothing at all to do with life

I've gotta know,

[Chorus]

Can we work it out?  
Scream and shout 'till we work it out?  
Can we just work it out?  
Scream and shout 'till we work it out?

[Bridge]

But you say  
Oh  
When love is gone  
Where does it go?  
And you say  
Oh  
When love is gone  
Where does it go?  
Oh  
When love is gone  
Where did it go?  
And where do we go?

It's just an afterlife  
It's just an afterlife
