

# It's Never Over (Oh Orpheus)

Arcade Fire

Hey, Orpheus!  
I'm behind you  
Don't turn around  
I can find you

Just wait until it's over  
Wait until it's through  
And if I call for you  
Oh, Orpheus!  
Just sing for me all night  
We'll wait until it's over  
Wait until it's through

You say it's not me, it's you

Hey, Orpheus!  
De l'autre côté de l'eau  
Comme un écho  
Just wait until it's over  
Wait until it's through

And if I shout for you  
Never doubt  
Don't turn around too soon  
Just wait until it's over  
Wait until it's through

It seems so important now  
But you will get over  
It seems so important now  
But you will get over  
And when you get over  
When you get older  
Then you will remember  
Why it was so important then

Seems like a big deal now  
But you will get over  
Seems like a big deal now  
But you will get over  
When you get over  
And when you get older  
Then you will discover  
That it's never over

Hey, Eurydice!  
Can you see me?  
I will sing your name  
Till you're sick of me  
Just wait until it's over  
Just wait until it's through

But if you call for me  
This frozen sea  
It melts beneath me  
Just wait until it's over  
Wait until it's through

Seems like a big deal now  
But you will get over  
Seems like a big deal now  
But you will get over  
And when you get over  
And when you get older  
Then you will remember

He told you he'd wake you up  
When it was over  
He told you he'd wake you up  
When it was over  
Now that it's over  
Now that you're older  
Then you will discover  
That it's never over

It's never over (it's never over) [8x]

Sometime (Sometime)  
Sometime (Sometime)  
Boy, they're gonna eat you alive (eat you alive)  
But it's never gonna happen now  
We'll figure it out somehow

Sometime (Sometime)  
Sometime (Sometime)  
Boy, they're gonna eat you alive (eat you alive)  
But it's never gonna happen now  
We'll figure it out somehow

Cause it's never over  
It's never over (it's never over) [6x]

We stood beside  
A frozen sea  
I saw you out  
In front of me  
Reflected light  
A hollow moon  
Oh Orphes, Eurydice  
Its over too soon
