

# Joan of Arc

Arcade Fire

You're the one that they used to hate  
But they like you now  
And everything that goes away  
Will be returned somehow  
They're the ones that spit on you  
Cause they got no heart  
I'm the one that will follow you  
You're my Joan of Arc

Joan of Arc

You had a vision they couldn't see so  
They put you down  
But everything that you said would happen  
It came around  
And they're the ones that put you down  
Cause they got no heart  
But I'm the one that will follow you  
You're my Joan of Arc

[Chorus 1]

Joan of Arc (Jeanne d'Arc)  
Tell the boys their time is through  
Joan of Arc (Jeanne d'Arc, ah ooh)  
Tell the boys I'll follow you  
I'll follow you

Now they tell you that you're their muse  
Yeah, they're so inspired  
But where were they when they called your name  
And they lit the fire?  
When the voices came, you cut your hair  
But you're still confused  
But I'm the one with a heavy heart  
Cause I'll follow you

[Chorus 2]

My Joan of Arc (Jeanne d'Arc, ah ooh)  
Tell the boys their time is through  
Joan of Arc (Jeanne d'Arc, ah ooh)  
Tell the boys I'll follow you  
Joan of Arc (Jeanne d'Arc, ah ooh)  
When the boys are over you  
Joan of Arc (Jeanne d'Arc, ah ooh)  
Tell the boys I'll follow you  
I'll follow you

I really wanna know you

[Regine Chassagne]

Tu dis que tu est mon juge  
Mais je ne te crois pas  
Alors tu dis que je suis une sainte  
Mais ce n'est pas moi  
J'entends des voix  
Mais ce n'est pas moi  
Je ne suis pas Jeanne d'Arc

And if you shoot you better hit your mark

[Chorus 2]

Joan, it's true  
I only wanna know you  
Joan, it's true, it's true  
I only wanna know you  
But Joan  
I only wanna know you

First they love you  
Then they kill you  
Then they love you again  
And then they love you  
Then they kill you  
Then they love you again  
Love love love you  
Kill kill kill you  
And then they love you again  
They love love love you  
Kill kill kill you  
And then they love you again
