Surf City Eastern Block

Arcade Fire

It's a shame about the roadblock, we're afraid that we'll get c
aught or stopped
Let's go right now, surf city eastern block
I'm in the trunk my surf board on top

The eighties ain't been kind to anyone, I just wanna find mysel
f some sun
It's 1984, we're on the run, goodbye Berlin, hello Autobahn

It's a shame about the roadblock
If they catch us, we won't ever talk
Let's go right now surf city eastern block
